

Far Away In Dreamland

Most Every Night I Rush Upstairs
And Tumble Into Bed
I Close My Eyes
As I Drift To Sleep
These Thoughts Pass Thru My Head
Underneath A Billion Stars
That Fill The Milky Way
We're Far Away In Dreamland
Far Away In Dreamland
That's Where My Heart Comes Out To Play
I'm Dreaming Of You
Though You're Far Far Away
My Heart Loves Only You
Though You're Far Far Away

Most Every Night I Rush Upstairs
And Tumble Into Bed
I Close My Eyes
As I Drift To Sleep
These Thoughts Pass Thru My Head
Underneath A Billion Stars
That Fill The Milky Way
We'll Be There In Dreamland
Without A Care In Dreamland
That's Where Our Hearts Comes Out To Play
Still Dreaming Of You
Though You're Far Far Away
My Heart Loves Only You
Though You're Far Far Away

Reach Out And I Will Take Your Hand
We'll Fly Right Up To Heaven Straight On Till Morning

Let's Dream Of That Never Never Land
And Make A New Tomorrow That Is Filled With Wonder

You And I Can See
The Magic Magic Magic Come Alive
In Dreams In Dreams In Dreams With You Tonight
